#### Knurled Urethane Rollers – Set Screw Type

- **Type**: UMCM, UMCL
- **Material**: Urethane (Natural Color)

---

### Feature

- **ROLJT**: Both Ends Retaining Ring Groove
- **ROLJM**: Both Ends Tapped
- **ROLJ**: Straight Type

---

### Feature

- **ROLJT**: Shrink-fit on the core material.
- **ROLJM**: Shrink-fit on the core material.

---

### Feature

- **ROLJT**: Set Screw Type

---

### Feature

- **ROLJT**: Set Screw Type

---

### Feature

- **ROLJT**: Straight line tapping is applied to roller surface.

---

### Feature

- **ROLJT**: Adds 2 tapped holes at 90°

---

### Feature

- **ROLJT**: Suitable for D dim. 20 or more.

---

### Feature

- **ROLJT**: Not valid for t2

---

### Feature

- **ROLJT**: Spec. Stainless steel shafting is used for 2-M and 2-M

---

### Feature

- **ROLJT**: Add 2 tapped holes at 90°

---

### Feature

- **ROLJT**: Tapping Code: WC

---

### Feature

- **ROLJT**: Applicable to 3 dim. 20 or more.

---

### Feature

- **ROLJT**: Not valid for D2

---

### Feature

- **ROLJT**: Applies to L dim. 16 or more.
